PROFESSIONAL SUMMARY

Detail-oriented Front-End Developer with 1 year of experience designing and implementing responsive, user-friendly websites and web applications. Proficient in HTML, CSS, and JavaScript, with hands-on experience in modern frameworks like Milligram & Bootstrap and libraries like React. Skilled in translating UI/UX designs into clean, efficient code while ensuring cross-browser compatibility and performance optimization. Adept at working in agile environments, collaborating with cross-functional teams, and delivering high-quality solutions within deadlines. Passionate about creating visually appealing and accessible web experiences, with a commitment to continuous learning and staying updated on emerging web technologies.

PROJECTS COMPLETED

- **Professional Portfolio Website:** This portfolio showcases my journey as a front-end developer. It highlights projects built with HTML, CSS and JavaScript emphasizing responsive design, creativity, and growth in web development.
- **Cloud Hosting Website:** I built a responsive cloud hosting website using HTML, CSS and JavaScript. It has an easy navigation, modern design, and interactive features, showing my front-end skills.
- **Age Calculator:** I created an Age Calculator that uses JavaScript to quickly calculate age, it highlights my ability to design functional and engaging web applications.
- **Password Generator:** I built a Password Generator website that creates secure password within a click using HTML, CSS and JavaScript. This project demonstrates my ability to implement logic-driven functionality using JavaScript and design and intuitive interface for a seamless user experience.
- **Random Quote Generator:** I created a Random Quote Generator that fetches quotes via API, it showcases my JavaScript, CSS and user friendly design skills.
- **To-do List Application:** I created a To-do List App where users can add, delete and manage task. This project demonstrates my ability to build functional and engaging web applications.

WORK EXPERIENCE

Web Designer & Content Specialist, Henovate Solution LTD   SEPT. 2022 to PRESENT

- Leveraged HTML, CSS, and JavaScript to build responsive, user-friendly interfaces and customize WordPress themes. Ensured cross-browser compatibility and mobile responsiveness.
- Focused on creating intuitive layouts and optimizing the user experience through effective navigation, visuals, and accessibility.
- Authored and optimized articles tailored for ranking on Google, using keyword research and on-page SEO techniques to enhance website traffic and engagement.
- Implemented e-commerce functionality, including product pages, payment gateways, and user account management, ensuring seamless transactions for customers.
- Improved website loading times and user interactions by applying performance enhancement techniques such as lazy loading and image optimization.

Customer Service Officer, Guaranty Trust Bank, NG   Jan. 2019 to August 2022

- Converted customer inquiries into product sales by effectively explaining banking services, resulting in a 15% increase in new product adoption.
- Identified upselling opportunities while addressing customer concerns, boosting cross-sell revenue by 20%.
- Maintained a high standard of client engagement, achieving a 90% satisfaction score in customer feedback surveys.

IT Support Specialist, Xtein Peniel Global Resource, NG   SEPT. 2016 to DEC. 2018

- Built strong client relationships by addressing IT-related issues and promoting additional services, achieving a 10% increase in repeat business.
